DETAILED ACTION

Allowable Subject Matter

1. Claims 30-42 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 30-42 are allowable because of the apparatus with the first and second inserts being shaped and adapted to receive only a single rail in an orientation for engagement of only the wearing flange of a single rail. None of the prior art cited discloses an apparatus that incorporates the use of first and second inserts being shaped and adapted to receive only a single rail in an orientation for engagement of only the wearing flange of a single rail without engagement of the rail web and base flange. Therefore, in view of what has been stated above, the claims are allowable over the art of record.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
